\*  Comment. The occupation of the airfield by four single-engine aircraft has not been confirmed by other sources. A previous report indicated that the single-engine planes were of the LA type. See

25X1A

The aircraft allegedly landed at the field on 28 February 1951. It is not known to which unit the planes are assigned.

25X1\*\*  Comment.

It is not believed that a fighter unit is to be transferred to Strausberg, since the landing field is too small for a fighter unit.
